

WATER=TRAK®

ENVIRONMENTAL POLICY

Water-Trak Limited recognises the importance of environmental sustainability and is committed to minimising our impact on the environment. We strive to operate our business in an environmentally responsible manner by implementing sustainable practices and reducing our carbon footprint.

OUR COMMITMENT

We will:

1. Comply with all applicable environmental laws, regulations, and standards.
2. Continuously improve our environmental performance by setting and achieving environmental objectives and targets.
3. Promote environmental awareness among our employees, customers, suppliers, and other stakeholders.
4. Minimise the use of natural resources, such as water, energy, and raw materials, and reduce waste by adopting sustainable practices.
5. Use environmentally friendly products and services whenever possible and encourage our suppliers and contractors to do the same.
6. Monitor and regularly review our environmental performance to identify areas for improvement and take corrective actions.

OUR STRATEGY

1. **Energy Efficiency:** We will reduce our energy consumption by implementing energy-efficient practices such as turning off lights and equipment when not in use, using energy-efficient lighting and equipment, and implementing a company-wide energy management plan.
2. **Waste Reduction:** We will minimise our waste production by recycling, reusing, and reducing our use of packaging materials, implementing a company-wide waste management plan, and using environmentally friendly products.
3. **Sustainable Transportation:** We will reduce our transportation-related carbon footprint by encouraging the use of public transportation, carpooling, and promoting the use of electric and hybrid vehicles.
4. **Sustainable Purchasing:** We will prioritize the purchase of environmentally friendly products and services, including those that are recycled, biodegradable, or energy efficient.
5. **Environmental Training and Awareness:** We will provide environmental training to our employees and promote environmental awareness among our stakeholders to encourage sustainable practices.

We are committed to achieving our environmental goals and continuously improving our environmental performance. We believe that our sustainable practices will not only benefit the environment but also contribute to the long-term success of our business.
